THE 2ND ASIAN PACIFIC CONFERENCE: PERSPECTIVES IN LUNG CANCER is designed to provide a detailed overview of the state-of-the-art in management of lung cancer, to discuss current trends and controversies, and to identify significant developments which may lead to improved results. The conference will feature pre-eminent medical and radiation oncologists, pulmonologists and thoracic surgeons from Asia, Europe and North America who will discuss imaging techniques, surgical techniques, chemotherapy and radiotherapy options, challenges in management and quality of life issues related to treatment. The chairs, Tony Mok, MD, and Giorgio Scagliotti, MD, PhD, along with local chairs Masahiro Fukuoka, MD and Nagahiro Saijo, MD, PhD, are internationally recognized as being among the leading experts in the field.

THE ANNUAL ASIAN PACIFIC CONFERENCE: PERSPECTIVES IN LUNG CANCER is organized by Imedex, an industry leader in providing accredited continuing medical education services. With 20 years experience in medical education, Imedex has created the highly successful series THE ANNUAL EUROPEAN CONFERENCE: PERSPECTIVES IN LUNG CANCER, as well as many other educational programs in different aspects of oncology. Attendees consistently rate Imedex programs as excellent in terms of scientific quality, execution and educational value.
